

E-film

E-films are films you watch on a computer, tablet or mobile phone. The library offers two film services for streaming films:

Cineasterna and Viddla

You can borrow a maximum of 5 e-films per calendar month. You do not need to return an e-film you have borrowed. Once the loan period has expired, you will no longer be able to watch the film. The loan period is 48 hours.

To borrow e-films, you need a valid library card. **At SKH, you use your phone number as your library card number and the PIN code you specified as a borrower at the library.** If you do not have a PIN code or are unsure of your library card number, please contact: biblioteket@uniarts.se

To watch e-films on your mobile phone or tablet, you may need to download an app. The app is free.

To log in:

1. **Cineasterna** – select library. Search for the film you want to watch. Log in with the telephone number you provided to SKH's library in the library card number box. Then enter the PIN code you received/chose.
2. **Viddla** – from the start page, select the **Films** tab. Then **select a film**. Once you have selected a film, click on **Play film**. A box will appear where you **select your library** and enter your library card number, i.e. the **mobile number** and **PIN code** you selected at the SKH library.
